CHEMICAL INDUSTRY Awards

Manufacturing & Resource Efficiency Award

Manufacturing and Resource Efficiency

PURPOSE
The Award is to recognize the company or individual operating unit that can demonstrate world-class manufacturing performance or the most successful improvement to its manufacturing performance involving demonstrable excellence and/or significant improvements to resource efficiency (raw materials, energy, water, utilities etc) within the manufacturing process.

ELIGIBILITY
The Award is open to all UK manufacturing companies in the process sector: chemical, petroleum, pharmaceutical, food, packaging, rubber and plastics. The award is aimed equally at individual operating units or multi-site manufacturing within a single company, and will be judged on both quantitative and qualitative improvements to manufacturing performance over the past two years as well as overall excellence in performance. The winner will be announced at the Chemical Industry Awards Dinner on 16 June 2022 in Leeds, and a representative from each short-listed company will receive an invitation to attend, sitting on the sponsors table.

CRITERIA
There is one Award category to cover the full scope of manufacturing processes; both batch/ specialized product manufacture and continuous/high volume manufacture. Success in the award will be based on evidence of an organization that has developed or is developing its processes, people and systems towards achieving excellent manufacturing & resource efficiency performance, and benefiting customers in terms of quality, cost and delivery achievement. Particular emphasis will be placed on demonstrated process improvement or evidence of best in class performance.

JUDGING
The judging panel will consist of the sponsor, a CIA staff member, and at least 1 independent expert. Please note this is a change to previous years as we will not be conducting site visits.

Submit

If you are unable to use the submit button or fillable form fields: Fillable form fields and submission button only work with compatible PDF viewers, such as Adobe Reader. If you are using a web browser such as Google Chrome, Microsoft Edge or Apple Safari Mobile, then some of these features may not be available as these web browsers use their own default PDF viewers. In this case we suggest saving the form to your device and then opening with Adobe Reader (which can be downloaded for free from https://acrobat.adobe.com/uk/en/acrobat/pdf-reader.html or applicable app store for mobile devices). Alternatively if your browser does support fillable form fields but not the submission button, such as Google Chrome and Microsoft Edge, then complete the form, save it to your device and then open up your email application and attach the PDF in the usual way – sending to lancasterm@cia.org.uk. If you do not receive an acknowledgement within 1 working day after submission please email lancasterm@cia.org.uk direct
