

Annual Future Forum Contest 2019

We are pleased to announce the launch of our first Annual Future Forum contest.

With the aim of creating an end-of-year publication to articulate the position of the Future Forum, the Leadership Committee have chosen 5 Focus Topics.

Future
Forum

Making
tomorrow
happen

CIA Chemical
Industries
Association

INNOVATION

MENTAL HEALTH

EQUALITY

PERSONAL DEVELOPMENT

SAFETY

We will be focusing our **content**, **events** and **surveys** around these topics and are also asking for you to send us your thoughts.

Why enter

The Future Forum exists to represent the thoughts and opinions of early careerists in the chemical industry. This competition has been designed to give you a chance to be heard; we will be sharing your entries in Forum Connect, end-of-year publication and it will also help us shape questions in our surveys. All of this information will be compiled and shared with the CIA Council, giving you a way to communicate with senior leadership within the industry.

The prize

The winning entry for each of the five categories will be published in *CIA Matters* which has a wide readership across industry, the media and political circles.

The overall winner will also receive two tickets to the **CIA Day Annual Conference and Dinner** in November, one for themselves and one for a colleague.

How to enter

We are looking for early careerists to send in up to **500 words on any of the above 5 topics**. The piece can be on any subject of your choosing as long as it fits within one of these topics. To enter, please email your piece to FutureForum@cia.org.uk, putting your chosen theme in the subject.
