

CHEMICAL
INDUSTRY
Awards

The Chemical Industry Awards are the premier accolades for the UK chemical and pharmaceutical industry. They are designed to offer a unique opportunity to highlight and promote excellent performance at the company, site or individual level.

**The Awards Ceremony
will take place at the
Royal Armouries Museum, Leeds
on Thursday 16 June 2022**

The event provides an ideal opportunity to entertain valued clients, colleagues and guests in the celebration of the best of the industry.

Chemical Industry Awards 2022

Winning one of these prestigious Awards gives a boost to the entire workforce, enhances public recognition of your achievement and increases your reputation with customers and stakeholders.

Don't miss your opportunity to tell everyone about your business success story.

The 2022 categories are:

- Chemical Industry Service Provider of the Year Award
- CIA Company of the Year
- Diversity and Inclusivity Award, sponsored by Dow
- GSK Innovation Award
- Health Leadership Award
- INEOS Responsible Care Award
- Manufacturing & Resource Efficiency Award
- Nick Sturgeon Unsung Hero Award, sponsored by CIA
- Reputation Award
- Skills Award
- Special Responsible Care Award for Process Safety Leadership
- Sustainability Award
- Young Ambassador Award

Enter the Awards and be one of the success stories of 2022 at www.ciaawards.co.uk

All entries will be judged by a panel of experts, with shortlisted candidates being subjected to a more extensive judging process, in some cases involving a site visit, interview or presentation.

Award Criteria

Entry is open to the whole of the UK chemical industry and to companies that provide services to the chemical industry as appropriate for each particular Award.

Entries should be submitted electronically at www.ciaawards.co.uk by Friday 8 April 2022.

Chemical Industry Service Provider of the Year Award

The purpose of this Award is to recognise the contribution that Service Providers make to the success of the UK chemical industry. The award will recognise innovation and outstanding delivery of services for example, engineering, IT, legal, training to the chemical or pharmaceutical sectors.

CIA Company of the Year Award

The winner of this Award will be, in the view of the judges, the most outstanding CIA member company – demonstrating growth of its business and a sustained contribution to the UK economy. This is the pinnacle Award and entering companies will have to demonstrate outstanding performance against the following criteria: Proven excellence in at least two areas of performance exemplified by being shortlisted in two other 2022 Award categories; demonstrable commitment to sustainable growth of the business in the UK.

Diversity and Inclusivity Award, sponsored by Dow

This award is for the company or operating unit that can best demonstrate that it embraces the principles of diversity and inclusivity in all aspects of its business.

GSK Innovation Award

This Award is for the company or operating unit which can provide the most successful examples of innovation – turning ideas into money – in an area of its business that helps solve today's societal challenges. Examples of challenges that judges would expect to be addressed by applicants include climate change, water conservation, environmental improvement and an ageing population. The judges will be looking for a clever idea that has been implemented for commercial success and the benefit of the UK chemical industry.

Health Leadership Award

This Award is for recognition of the company or site that has achieved excellence in health leadership demonstrated by improved or optimum sustained health programme performance and a healthy workforce and workplace. The key characteristics of effective health leadership include senior management commitment, employee engagement and evidence of a culture of proactive health risk management and wellbeing support initiatives that align with sustainable development goals and metrics.

INEOS Responsible Care Award

This Award is for the company or site which has excelled at Responsible Care by demonstrating leadership and a creative approach.

Manufacturing and Resource Efficiency Award

This Award is to recognise the company or individual operating unit that can demonstrate world-class manufacturing performance or the most successful improvement to its manufacturing performance involving demonstrable excellence and/or significant improvements to resource efficiency (raw materials, energy, water, utilities etc) within the manufacturing process.

Nick Sturgeon Unsung Hero Award, sponsored by CIA

This Award is in remembrance of CIA's Nick Sturgeon and is designed to honour an Unsung Hero who works in or is closely connected to the chemical industry. The award will be given to an individual who has made a significant contribution to the industry over a number years. The person may not necessarily be in a senior position but will be recognised for their dedication to the industry, contribution outside 'the day job' and held in esteem by peers.

Reputation Award

This Award is in recognition of the organisation, company, business unit or manufacturing site that can demonstrate excellence and innovation in the building and/or enhancing of its reputation and that of the chemical industry.

Skills Award

This Award is open to companies working in the science industry sector. Its purpose is to recognise the employer who has done the most to contribute to the acquisition of skills by the company's workforce through an active skills development work programme. A good example of this is the Cogent Gold Standard, but companies who follow similar aims by a different approach are encouraged to apply.

Special Responsible Care Award for Process Safety Leadership

This Award will be given to the company or site that can demonstrate excellence in Process Safety Leadership performance. This category is designed to sustain the high profile of process safety; reinforce process safety as an integral element within Responsible Care; promote good practice in process safety leadership and encourage leadership and the sharing of best practice.

Sustainability Award

This Award is for the company or operating unit that can demonstrate excellence in sustainability, through its products, manufacturing processes, supply chain and policies.

Young Ambassador Award

This Award is to recognise an outstanding young person demonstrating communication skills and leadership associated with the chemical industry and contributing to its success.

Royal Armouries Museum,
Armouries Drive, Leeds LS10 1LT

Thursday 16 June 2022
19.00 for 19.45

Dress Code: Black tie

The Awards Ceremony is an inspiring celebration of the achievements of one of the UK's most dynamic and significant business sectors. It provides an ideal occasion to entertain valued clients and colleagues and network with the industry's key players.

The cost of each ticket includes pre-dinner drinks reception, three-course meal and entertainment. Wines and other beverages should be paid for in advance to the Royal Armouries Museum or at the table on the night.

A representative from all shortlisted companies is invited to attend the Awards Ceremony free of charge, providing they sit at the sponsors' table.

Details of each guest will appear in the souvenir brochure which will be available on the evening of the dinner. Names of guests should be supplied by Friday 3 June.

A 50% refund will be available on tickets cancelled on or before 13 May. No refund is available for cancellations received after 13 May, but an alternate will be accepted.
